Dear David and Jeff:

This month marks 1 year since we moved into the new home that that we designed and constructed with your help. I can tell you that these past 12 months have really flown by with all the unpacking and sorting out associated with getting settled into a new home.

Anita and I would like you both to know how pleased we have been with the new home. After living in the home for one year, I have been particularly impressed with the solid construction that has been built into the house. We are also pleased with, and receive daily enjoyment from, the design and detail work in the finishing millwork used throughout the home.

The Blum carpenters responsible for completing the finishes and woodwork throughout the home were always attentive to our concerns and did their best to accommodate our special requests. Also, Marge from your office staff was always responsive to our questions and promptly followed up on any open items needing attention.

We wanted you to know how pleased we are with the new home as we celebrate our 1st anniversary at 9522 Lakestone Court.

Sincerely,

Roger D. Bollier
